The RI Society of Addiction Medicine is the incorporated state chapter of the American Society of Addiction Medicine, the largest physician professional organization dedicated to the treatment of addictive disorders. We are proud to provide support to this edition of the *RI Medical Journal* as we recognize that untreated substance use disorders are a major factor in the current epidemic of opioid overdoses and the largest public health problem in the United States. The RI Medical Society provides medical specialty society support services for RISAM and coordinates educational, advocacy, and referral requests.

For further information, please contact Megan E. Turcotte at 401-331-3207 or visit: <http://rimed.org/risam.asp>.
